

ACKNOWLEDGEMENTS

The Seven Basins Watershed Council would like to thank the many people involved in preparing the assessment. Our special thanks is extended to Environmental Management Services, Inc. (EMS) for their efforts to produce a quality assessment document. We would also like to thank those individuals from various federal and state agencies who volunteered their time to review specific chapters of the assessment. Specifically, Jay Doino and Jerry Voit, ODFW; Bill Meyers and Wayne Kauzlarich, DEQ; Ivan Gall, ODWR; Jane LaFores, and Leanne Mruzik, BLM; Tim Stevens, ODA; and Dennis Turco, ODF. In addition, we would like to thank Mr. Eric Dittmer (student advisor), Laura Michelin, Amanda Pelletier, Tiffiny Manger, Alyss Brodrick, and Yoshi Takekubo from Southern Oregon University, Environmental Studies Program for their work on the assessment related to geology, riparian habitat, channel modifications, and dam removal. We would also like to thank Mr. Mark Grenbemer, OWEB for providing timely and informative reviews of the assessment document. In addition, we would like to thank the Southern Oregon Historical Society, Rogue Valley Genealogical Society, the Woodville Museum, Jackson County Libraries, Jackson County Water Master, and the owners of private historical collections which contributed to the compilation of Chapter 2: A Brief History of the Seven Basins Watershed and Appendix A: History of SBW. A special dept of gratitude is extended to those members of the Assessment Committee, Paul Howell, John Nalley, Gail Periotti, Max Bennett, and Linda Davis who gave many hours of their time to work with EMS in preparing this assessment.
